

Japanese Society of Sleep Research International Forum on Somnology 2017

Date

April 2 (Sunday), 2017

Venue

Akihabara Convention Hall
1-18-13 Sotokanda, Chiyoda-ku, 101-0021 Tokyo
http://www.akibahall.jp/data/outline_eng.html

Organizing Members

Kazuo Chin, JSSR Publishing Committee
Yuichi Inoue, JSSR International Committee
Hiroshi Kadotani, JSSR Publishing Committee
Makoto Uchiyama, JSSR Sleep Fund Committee

Program

10:00~10:50

Opening Address

Hiroshi Ito, President of JSSR (Jikei University School of Medicine, Tokyo)

Special Lecture 1 on Insomnia

Chair: Tetsuo Shimizu (Akita University, Akita)
Speaker: Phyllis Zee (Northwestern University, Chicago)
"Circadian Medicine: Insights from the Clinic"

11:00~12:30

Symposium 1 on Sleep breathing disorders

Chairs: Shintaro Chiba (Jikei University School of Medicine, Tokyo)
Hideaki Nakayama (Tokyo Medical University, Tokyo)

1. OSA-Induced Atherosclerosis: Reversible or Irreversible?
David Gozal (Chicago University, Chicago)
2. New discoveries and management of patients with obstructive sleep apnea
Kazuo Chin (Kyoto University, Kyoto)
3. New discoveries and management in patients with central sleep apnea
Takatoshi Kasai (Juntendo University, Tokyo)
4. Humoral Factors in Patients with Obstructive Sleep Apnea Syndrome
Murat Aksu (Acibadem University, Istanbul)

12:30~13:30

Lunch buffet

13:30~14:20

Special Lecture 2 Exosomes and OSA: New Insights into End-Organ Morbidity

Chair: Toshiaki Shiomi (Aichi Medical University, Nagakute)

Speaker: David Gozal (Chicago University, Chicago)

“Exosomes and OSA: New Insights into End-Organ Morbidity”

14:30~16:00

Symposium 2 on Parasomnia

Chairs: Yuichi Inoue (Tokyo Medical University, Tokyo)

Makoto Uchiyama (Nihon University, Tokyo)

1. REM sleep behavior disorder and depression

Joyce Lam (Chinese University of Hong Kong, Hong Kong)

2. A Case of RBD parasomnia in Narcolepsy with Cataplexy

Seung-Chul Hong (Catholic University of Korea, Seoul)

3. Sleep-related eating disorder and its associated conditions

Yuichi Inoue (Tokyo Medical University, Tokyo)

4. Frontal lobe epilepsy and parasomnia

Kazutaka Jin (Tohoku University, Sendai)

16:10~17:40

Symposium 3 on Interdisciplinary Fields in Sleep Science

Chairs: Kazuki Honda (Tokyo Metropolitan Institute of Medical Science, Tokyo)

Kazuo Mishima (National Center of Neurology and Psychiatry, Tokyo)

1. Forward genetic analysis of sleep in mice

Masashi Yanagisawa (Tsukuba University, Tsukuba)

2. Sleep is regulated at multiple levels of the neurexis

Hrudananda Mallick (All India Institute of Medical Sciences, New Delhi)

3. Circadian clock ontogeny in mammals

Kazuhiro Yagita (Kyoto Prefectural University of Medicine, Kyoto)

4. Interdisciplinary and trans-disciplinary sleep research

Hiroshi Kadotani (Shiga University of Medical Science, Ohtsu)

17:40~17:45

Closing Address

Koichi Hirata, Secretary General of JSSR (Dokkyo Medical University, Japan)
